Qualità che conta

Esportiamo in più di 40 Paesi, ma le nostre radici sono in Italia. Lyxo è parte di Veca, brand internazionale del Made in Italy che da quasi 40 anni trasforma un amalgama di materie plastiche, curiosità e coraggio in prodotti dal design funzionale. 5 brand dedicati alla casa e all'arredo, 6 stabilimenti su una superficie di 30 mila metri quadri, 45 impianti di produzione che innovano con la tecnica rotazionale e a iniezione; 26 milioni di pezzi realizzati ogni anno. Tutti i complementi e gli accessori LYXO sono progettati e realizzati interamente in provincia di Vicenza e Venezia, cuore pulsante del Nord-est italiano. È qui che nascono i nostri valori: un patrimonio concreto di qualità e ricerca.

Quality that counts

We export to more than 40 countries, but our roots are in Italy. Lyxo is part of Veca, an international Made in Italy brand that for almost 40 years has been transforming an amalgam of plastic materials, curiosity and courage into products with a functional design. 5 brands dedicated to the home and furnishings, 6 factories on a surface area of 30 thousand square metres; 45 production plants that innovate with rotational and injection techniques; 26 million pieces made every year. All LYXO complements and accessories are designed and manufactured entirely in the province of Vicenza and Venice, the beating heart of the Italian north-east. This is where our values are born: a concrete heritage of quality and research.

Il design è la nostra passione, la tecnologia il nostro know-how. La profonda conoscenza della materia prima, dei processi produttivi e delle soluzioni tecnologiche dà vita alle forme inconfondibili e decorative degli oggetti Lyxo. Lo stile dinamico, la cura per i dettagli e lo studio delle proporzioni conferiscono personalità ad ogni ambiente. Dalla produzione in serie, alla produzione di valore: ogni oggetto, ogni accessorio, ogni complemento è il frutto della fusione di eccellenza ingegneristica ed esperienza artigianale, capitale umano e tecnologia al servizio della creatività.

Design is our passion, technology our know-how. The profound knowledge of the raw material, production processes and technological solutions gives life to the unmistakable and decorative shapes of Lyxo objects. The dynamic style, attention to detail and study of proportions give personality to every environment. From mass production to the production of value: every object, every accessory, every complement is the result of the fusion of engineering excellence and artisanal experience, human capital and technology at the service of creativity.

Progettato eticamente

Non esiste bellezza senza responsabilità. Anche noi vogliamo che la Terra conservi la sua anima verde. Dietro ogni materia prima, ogni processo produttivo, ogni gesto compiuto c'è la certezza di operare secondo natura e cultura. LYXO è sostenibilità, con oggetti fatti per durare nel tempo, non solo grazie ai materiali riciclabili al 100% e tecnologie di alta qualità che li rendono resistenti e durevoli, ma anche grazie alle forme sempre attuali che promuovono un consumo più consapevole, senza sprechi.

Ethically designed

There is no beauty without responsibility. We too want the Earth to retain its green soul. Behind every raw material, every production process, every gesture made there is the certainty of operating according to nature and culture. LYXO is sustainability, with objects made to last over time, not only thanks to the 100% recyclable materials and high quality technologies that make them resistant and durable, but also thanks to the ever-present shapes that promote more conscious consumption, without waste.
